

We welcome you and your family to Dermatology Associates.

We are pleased to have you as a patient and we would like to familiarize you with our office. This brochure is designed to provide some of the answers to questions usually asked by our patients. Please be assured that quality medical care and concern for our patients are our primary goals. As a dynamic, growing practice, we welcome new patients as well as professional referrals.

Our practice is focused on the specialty of Dermatology and our team is committed to:

- Tracking the latest developments in their field so that you will receive the most advanced care in Medical, Surgical and Cosmetic Dermatology.
- Providing expert skin care in a professional setting with a gentle, personal touch. We take pride in what we do and our focus is always on you, the patient.

DERMATOLOGY

ASSOCIATES P.C.

Patient Information

Dermatology Associates specializes in the diagnosis, treatment and management of diseases that affect the skin, hair and nails of both children and adults. Our experienced and progressive staff provides superior individualized care through our commitment to excellence in medical, surgical and cosmetic dermatology.

Office Hours/ Appointments

We welcome and encourage you to call our office if we can be of assistance with any problem or question during business hours. Our office hours are Monday through Thursday 8:00 a.m. to 5:00 p.m. and Friday from 7:00 a.m. to 3:30 p.m. Out of necessity, our practitioners must work by appointment and a sincere effort is made to adhere to the schedules. If your current practitioner is not available, you may choose to be seen by one of our other practitioners. We ask that you give a 24-hour notice in canceling an appointment to allow us to offer your appointment time to a different patient.

Financial Policies

For your convenience, our office accepts cash, checks and major credit cards. We ask that you pay for expenses not covered by your insurance plan or make other arrangements with our staff at the time of your visit. We participate in most major insurance plans along with Medicare and Medicaid. Although it is your responsibility to understand the terms of your insurance plan, please feel free to ask one of our staff members if we participate in your specific plan.

Medical Records and Confidentiality

The practitioner-patient relationship is considered confidential and we do not give out information about a patient to anyone except the patient or other designated parties. We will release medical records with your written authorization only.
